

SILVA

THE LAW FIRM

KNOWLEDGE SPECIALIZATION AND TRANSPARENCY

In 1990 Patricio and Juan Pablo Silva founded SILVA with the vision of providing strategic advice and legal services in the area of intellectual property to national and foreign clients, who want to protect and enhance their commercial identity and creations in an efficient and personalized manner.

This approach to intellectual property has been complemented with advice on innovation, new technologies, personal data, and litigation associated with these issues.

The commitment of the lawyers and multidisciplinary team is to deliver efficient and customized solutions for all types of clients, whether large companies, small or mid-size businesses, universities, research centers or individuals.

SILVA has invested in proprietary computer tools allowing us to accompany our clients in a safe and effective way, truly becoming partners with the entities we represent, and providing the most streamlined and secure methods to obtain, protect, and defend, intellectual property and related rights in Chile and beyond.

MISSION

The firm's mission is to provide strategic advice to domestic and foreign clients who seek to protect and enhance their commercial identity, the defense of their creations, the protection of personal data, and/or civil, criminal and administrative protection of all their intellectual property assets in an efficient and personalized manner.

VISION

The firm's vision is to remain in time, aspiring to be leaders in the national intellectual property industry, providing a comprehensive, personalized and excellent service, always using first class technological tools.

We care about you
because you are unique

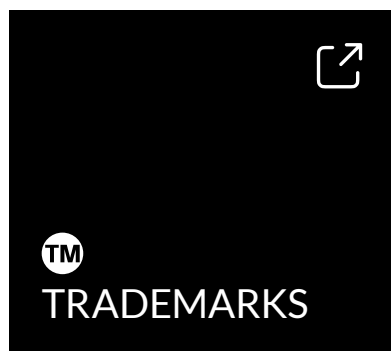

SERVICES

At SILVA, we are dedicated to protecting our clients' creativity and innovation by providing strategic legal advice in intellectual property, technology, and media.

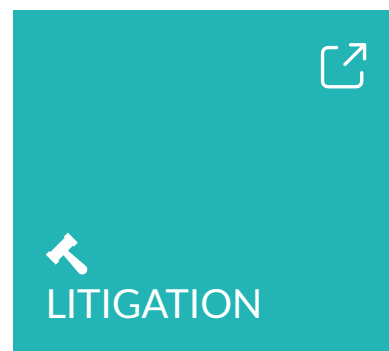

We focus on ensuring that our solutions not only safeguard their intangible assets but also drive their growth.

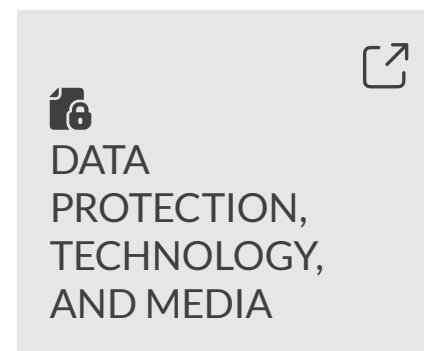

We protect trademarks locally and globally. From startups to large corporations, we offer personalized strategies that safeguard the identity of your products and services.

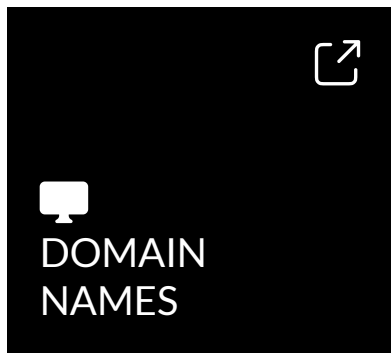

Our multidisciplinary team combines science and technology experts with specialized attorneys to ensure your innovations are protected both nationally and internationally.

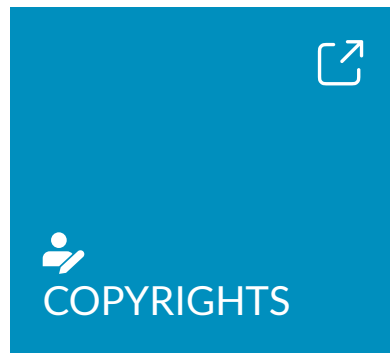

We defend your intellectual property assets in civil, criminal, and administrative courts, ensuring robust and effective protection.

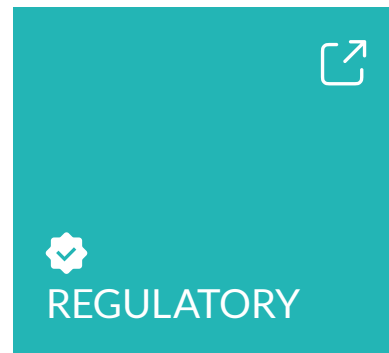

We provide legal solutions to tackle the challenges of the digital environment. We advise on regulatory compliance regarding privacy, data protection, and information security, helping our clients adapt to both national and international regulations.

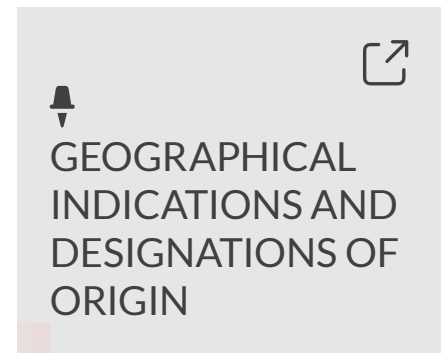

We secure the digital protection of our clients through proactive strategies for the registration, monitoring, and management of domain names. We focus on preventing risks, ensuring their online authenticity, and protecting their digital identity.

In a digital and technological society, protecting copyrights, regulating their use, and managing transfers is essential. We help safeguard your intellectual and artistic creations with solid legal solutions that adapt to regulatory changes.

We guide our clients through regulatory compliance, helping ensure their operations adhere to current governmental regulations.

We protect products whose quality is tied to their place of origin. With a comprehensive approach, we ensure these products receive the proper protection, safeguarding their authenticity and reputation in both national and international markets.

WHY US?

STRATEGY AND INNOVATION

At **SILVA**, we empower our clients' creativity and growth by offering transformative legal solutions that align with market demands and protect their ability to innovate.

KNOWLEDGE AND EXPERTISE

Our multidisciplinary team designs unique legal strategies tailored to each challenge, providing the best advice based on deep expertise in various areas of intellectual property.

COMMUNICATION & TRANSPARENCY

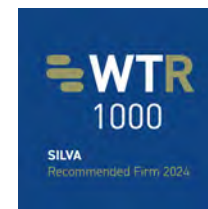

Our clients are at the heart of everything we do. We value clear and ongoing communication, keeping them informed at every stage of the process to ensure efficient and reliable management through our team and technological platforms.

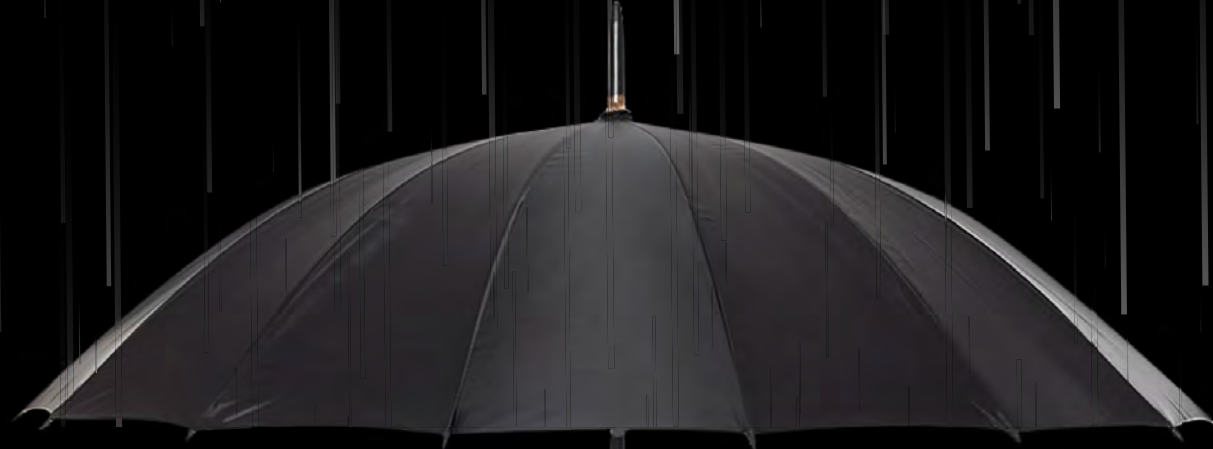

ACKNOWLEDGMENTS

Over the years, **SILVA** has been consistently recognized as a leading intellectual property firm by prestigious global and regional guides.

These recognitions reflect our commitment to excellence and our ability to deliver effective legal solutions that make a real impact on our clients' businesses.

More than just awards, these achievements are a testament to the trust that clients from various industries place in us year after year.

We admire the ability to create new ideas
and want to protect them.

PROBONO

At **SILVA**, we believe that access to justice is a right for all. This is why, through our ProBono work, we provide free legal counsel to those who need it most.

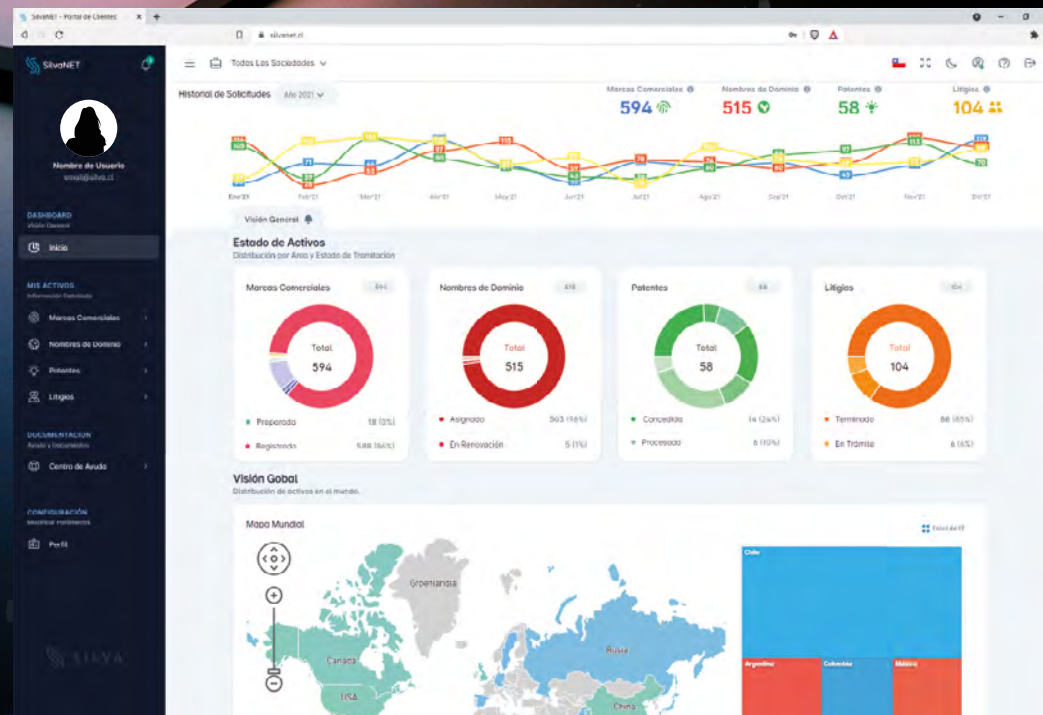

For over two decades, we have been part of Fundación ProBono, an organization that has repeatedly recognized our attorneys for their dedication to serving vulnerable individuals and organizations.

Throughout our history, we have had the privilege of collaborating with various institutions, including TECHO, Desafío Levantemos Chile, Neguén, Fundación Red de Alimentos, Somos Huellas, and Fundación Cuenta Conmigo, among others.

We are proud to contribute our experience and knowledge to help build a more just and inclusive society.

SILVANET

SilvaNET is our digital platform, designed for users to quickly and easily access all information related to their trademarks, domain names, patents, copyrights, and litigation, both in Chile and abroad. This tool streamlines the management of registrations and new service requests, making control and tracking more efficient. Additionally, it offers detailed statistics, interactive charts, the option to generate customized reports, and many other benefits, all at no additional cost to our clients.

OUR TEAM

Our multidisciplinary team is made up of lawyers, engineers, and chemists trained at the top universities in Chile, with specializations in Europe and the United States. Many of our professionals also serve as faculty in key areas such as technology, data protection, and intellectual property, enabling us to anticipate changes and provide advice aligned with the latest legal and technological trends.

We are committed to delivering strategic and efficient solutions tailored to each client's specific needs, with a forward-thinking approach and a dedication to their growth.
